I. DEFINITIONS

As used in this document, the following definitions apply:

“Collateral contact” means all other contacts associated with an offender.

“Level of supervision” means the frequency and type of contact between the Officer and the offender under supervision. The four supervision levels shall be low risk, moderate risk, high risk and administrative.

“Personal contact” means face-to-face contact between the officer and the offender.

“Record check” means a local criminal record check. The record check shall be completed either at the Circuit and District Court Clerk's office, by reviewing printouts provided by local jails or court systems and using the Administrative Office of the Courts automated system.

“Risk scale assessment” means a classification device designed to assess an offender’s probability for further criminal behavior.

II. POLICY and PROCEDURE

The purpose of case classification is: (1) to improve the effectiveness of service delivery to the offender, (2) to improve management and line staff decision making, and (3) to provide a data base for budgeting and staff deployment on a workload rather than a caseload model.

An offender under the supervision of Corrections shall be classified by means of a risk scale document and supervised according to the standards assigned to the appropriate level of supervision (3-3130).

A. Supervision Classification categories shall be as follows (3-3131, 3-3132, 3-3136, 3-3140):

- c. A record check at least once per month.
- d. Monthly employment verification. Any change in employment shall be verified within thirty (30) days by a personal visit, paycheck stub, or other means as accepted by the District Supervisor.

2. Moderate Risk

This level of supervision shall require a minimum of:

- a. One (1) face-to-face contact per month between the officer and the offender (acceptable locations include, but not limited to, the offender's residence, employment, or treatment provider).
- b. One (1) of the face-to-face contacts shall be at the offender's residence at least once every six (6) months. An offender change of address shall be verified by a home visit, lease or mail within thirty (30) days of the residence change.

A greater number of personal contacts per month may be necessary in order to meet the supervision objectives. Collateral contacts shall be made as necessary, and all efforts shall be made to keep the offender's status confidential. The home visit may be waived with the approval of the supervisor (3-3132).

B. Community Contacts - Home Visits

1. Home visits to offenders shall be conducted with an identified purpose and should be conducted during hours when the offender is most likely to be reached at home.
2. Home visits shall be conducted with at least two or more officers present where staffing levels allow as determined by the District Supervisor or designee.
3. Officers shall ensure that before they depart the office for home visits, they have in their possession:
